Winners of The MIDORI Prize for Biodiversity 2018 announced

The MIDORI Prize is an international prize co-organized by the AEON Environmental Foundation and the Secretariat of the Convention on Biological Diversity (Canada). It honors individuals who have made outstanding contributions to the conservation and sustainable use of biodiversity. This year, three individuals were awarded the MIDORI Prize from among 129 candidates.

Dr.Abdul Hamid Zakri (Malaysia)
Joint-Chair, Malaysian Industry-Government Group for High Technology; Former Science Advisor to the Prime Minister of Malaysia

The winners and Takuya Okada, Chairman of AEON Environmental Foundation
